

TRUSTMARQ SERVICE BRIEF

TPRM As A Service

“Catch up with your third party risk assessments, ensure continued alignment with your changing business needs, and reduce the complexity to onboard and maintain third party relationships. Accelerate business and reduce risk.”

Strategy & Rationalization | Architecture & Integration | Migration |
Optimization | Managed Services

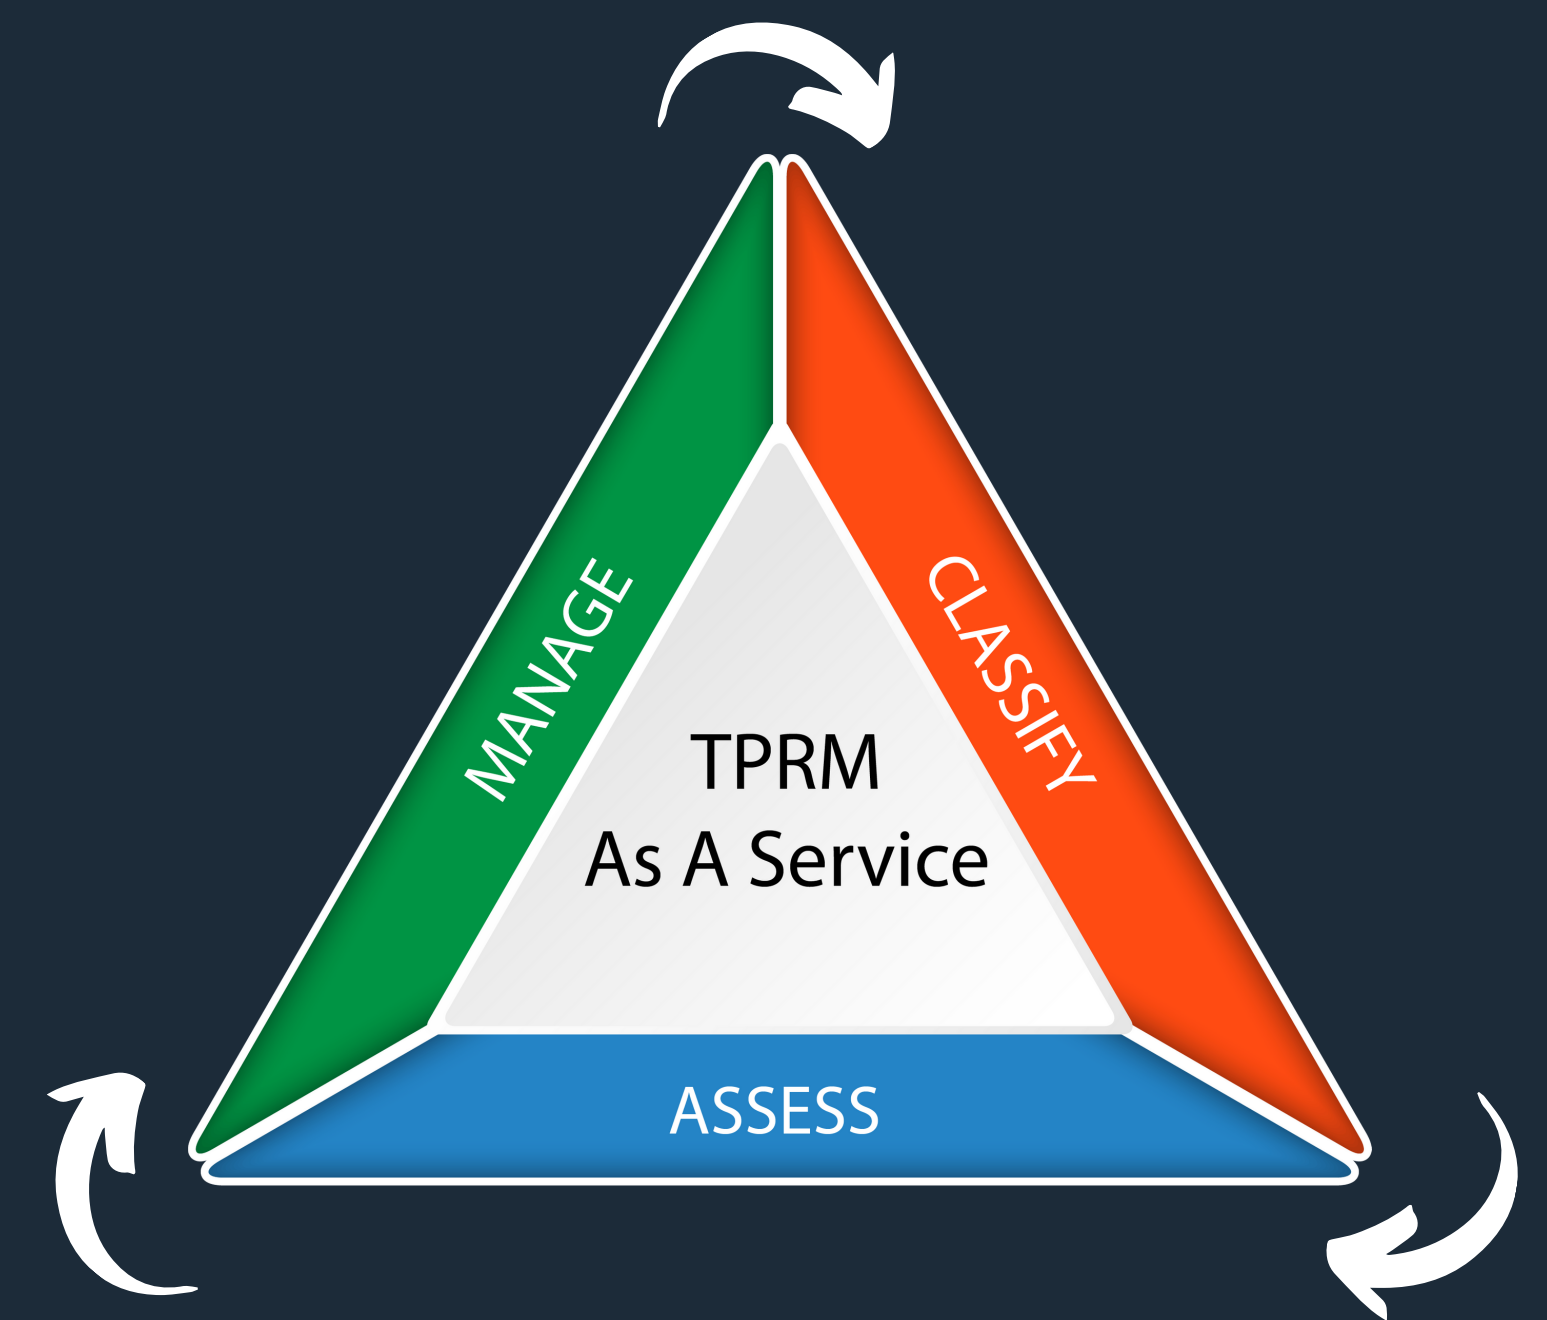

TRUSTMARQ 

Prioritize Your TPRM Budget And Demonstrate Measurable Results

HOW IT WORKS

A dedicated team of third party risk professionals works with you and other business stakeholders to benchmark, assess, and manage third party risks cross your TPRM program lifecycle. Our flexible service delivery model can be customized to meet your complex business needs at desired service levels, while reducing your operational burden to maximize your investment.

We also augment results from industry leading risk intelligence services, providing you with an omni-directional view of your third party risks.

SERVICE LIFECYCLE

Classify

Establish business context, create a prioritized assessment plan, and initiate third party outreach.

Assess

Conduct risk-prioritized third party assessments, score, and report third party posture to internal stakeholders.

Manage

Continually manage changes and respond to internal business mandates, as well as third party risk posture, including pertinent notifications for action.
